1.1 About this manual

The OAS website at https://oas.lguapp.com is the official public website of the Municipality of Oas, Albay. It is part of the OAS Unified Online Services platform built by iConcept IT Solutions. Residents, business owners, property owners and visitors use it to:

- open the municipality's online systems (Business Permit, MediLink, RPT Billing, Treasury, and Building Permit & Certificate of Occupancy);
- read about the history and profile of Oas, its officials and its offices;
- view transparency reports, Full Disclosure Policy (FDP) reports and Bids & Awards notices;
- read news, photo releases, speeches, achievements and gallery posts; and
- send a message or a service rating to the Municipal Hall.

This manual is for the **public**. You do not need an account to use the website. Updating the content of the website is covered separately in the OAS Content Management System (OAS-CMS) manual.

> **NOTE** Screens in this manual were captured from the live website on 24 October 2026. Some content (news items, reports, photos) changes as the municipality posts updates, so your screen may show different items.

1.2 Opening the OAS website

1. Open a web browser such as Google Chrome, Microsoft Edge, Mozilla Firefox or Safari, on a computer or a mobile phone.
2. In the address bar, type **oas.lguapp.com** and press **Enter**.
3. The **Home** page opens (see Section 2). From here you can reach every other page using the main menu at the top.

> **IMPORTANT** Always check that the address bar shows **oas.lguapp.com** before you enter any personal details on a page.

1.3 Parts of a page
