PART 1

Getting Started and Signing In

This part is for everyone who uses eRPT. It explains what eRPT is, who uses this manual, and how to sign in. Property owners and administrators use the same Sign in page.

SECTION 1

About eRPT

What eRPT does and how this manual is organized.

In this section

1.1 What eRPT is

1.2 Who uses this manual

1.3 The eRPT home page

1.1 What eRPT is

eRPT is the Real Property Tax system of the Municipality of Oas. Property owners use it to see their registered properties, their real property tax due, their payment history and their statement of account online. Administrators of the Municipality use it to register properties to owners' accounts and to manage the records behind them.

1.2 Who uses this manual

Role	What the role does	Read
Property Owner (User)	Creates an account, asks for a property to be registered, then follows the tax due, statement of account and payments of that property.	Part 1 and Part 2
Administrator (Admin)	Receives registration requests, checks the documents and registers properties to owners' accounts.	Part 1 and Part 3

IMPORTANT Sample screens. The screenshots were taken from the live system on 27 October 2026. Personal names, email addresses, property numbers and verification codes are blurred.

1.3 The eRPT home page

1. Open a web browser and go to **rptpayment.oas.lguapp.com**.
2. The eRPT home page opens. From here, open the Sign in page (Section 2).

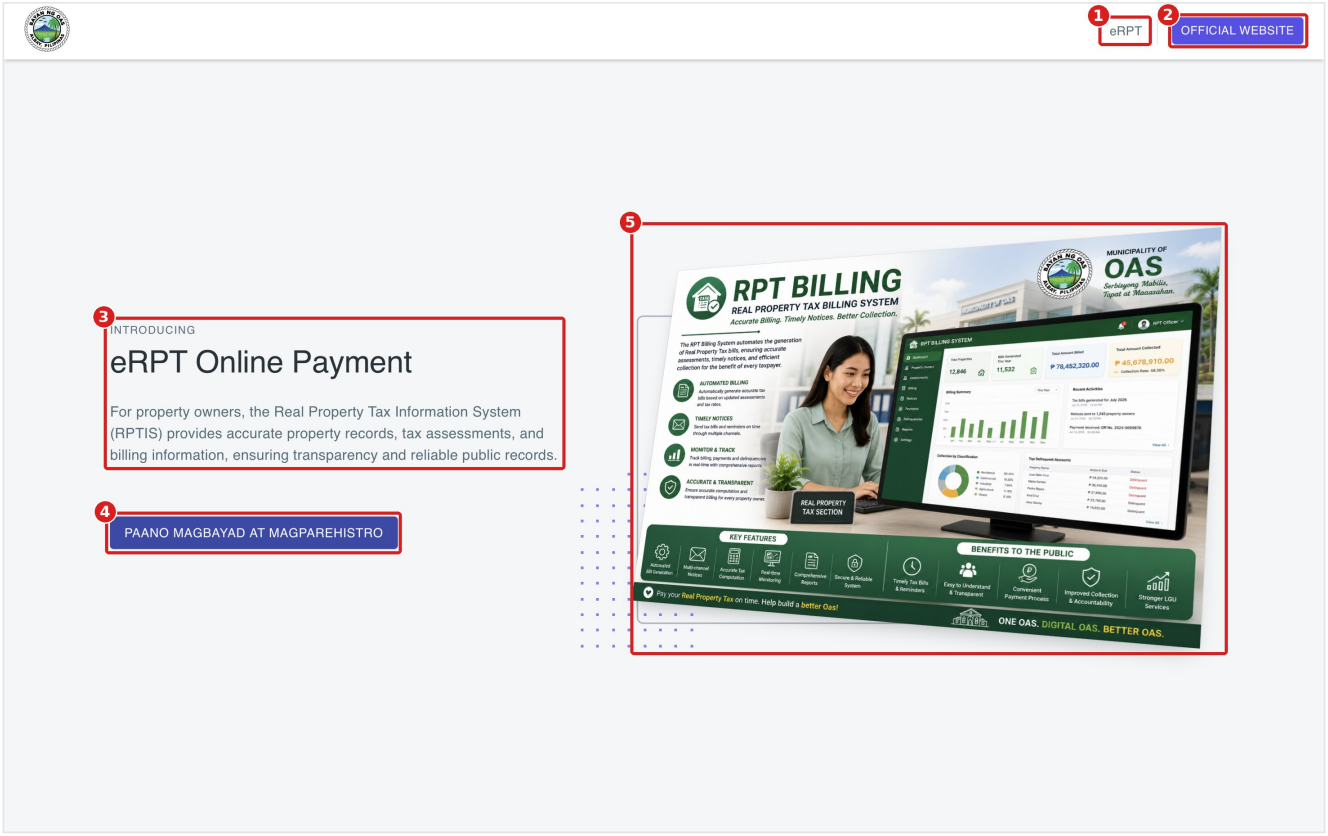

Figure 1.1. The eRPT home page.

1 eRPT link 2 OFFICIAL WEBSITE 3 Introduction 4 PAANO MAGBAYAD AT MAGPAREHISTRO 5 RPT Billing infographic

Part	What it does
1 eRPT	Returns you to this home page.
2 OFFICIAL WEBSITE	Opens the official website of the Municipality of Oas.
3 Introduction	The eRPT title and a short description of the system.
4 PAANO MAGBAYAD AT MAGPAREHISTRO	Guide on how to pay and how to register (in Filipino).
5 RPT Billing infographic	Overview of the RPT Billing System: key features and benefits to the public.

SECTION 2

Signing In

Property owners and administrators sign in on the same page. eRPT opens the right screens for each role.

In this section

2.1 Signing in

2.2 If you cannot sign in

2.1 Signing in

1. Open the Sign in page of eRPT.
2. Type your **Email Address** and **Password**.
3. Click **LOG IN**. Property owners see their Dashboard (Part 2); administrators see the admin screens (Part 3).

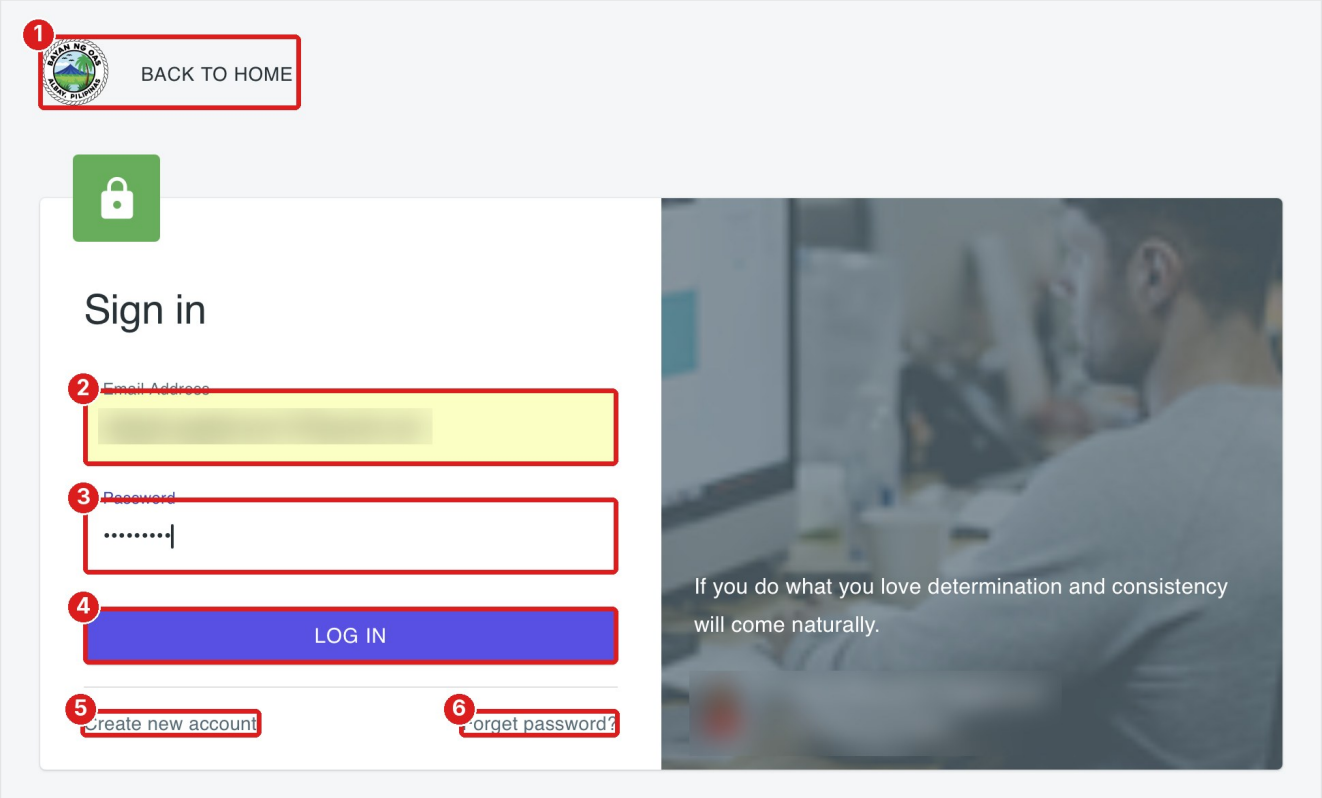

Figure 2.1. The Sign in page.

1 BACK TO HOME 2 Email Address 3 Password 4 LOG IN 5 Create new account 6 Forget password?

Part	What it does
1 BACK TO HOME	Returns to the eRPT home page.
2 Email Address	The email address of your eRPT account.

Part	What it does
3 Password	Your password. It is shown as dots.
4 LOG IN	Signs you in.
5 Create new account	Opens the Sign up form for property owners (Part 2, Section 1).
6 Forget password?	Use this if you no longer know your password. Follow the steps shown on screen.

2.2 If you cannot sign in

If a field is left empty, it turns red and a message appears under it, such as **Email is required**. Fill in the field and click LOG IN again.

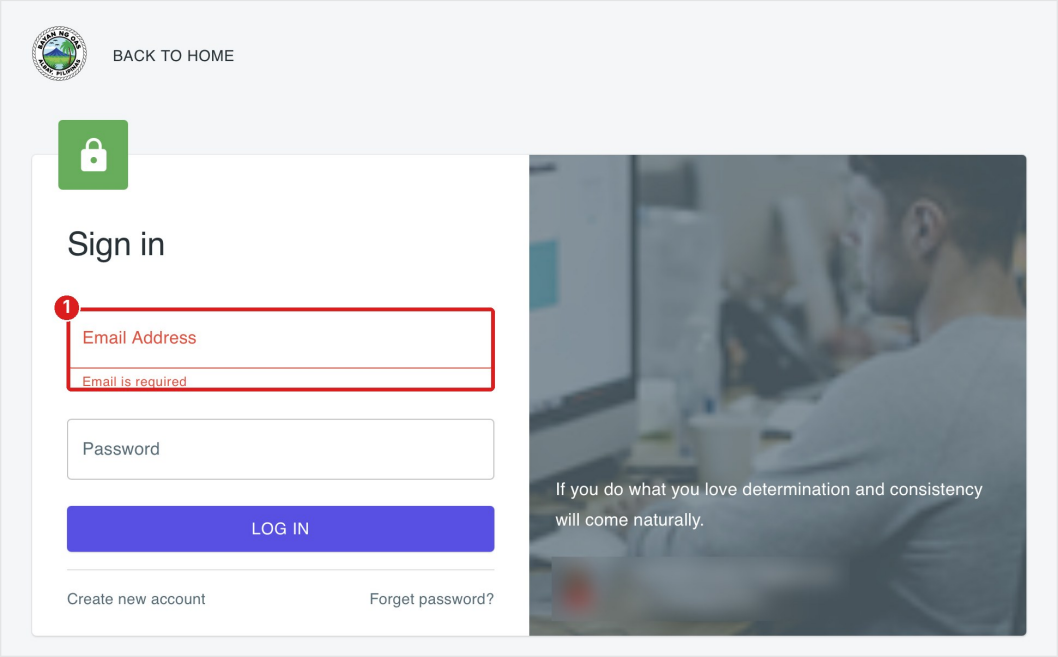

Figure 2.2. A missing email address.

1 Field with error message

Problem	What to do
Email is required	Type your email address.
Wrong email or password	Check the spelling and that Caps Lock is off. If needed, click **Forget password?**
No account yet (owners)	Click **Create new account** (Part 2, Section 1).

IMPORTANT **Keep your password private.** On a shared or public computer, do not let the browser save your password.

PART 2

Property Owner (User) Manual

This part is for property owners. It follows the order you will use eRPT in: create an account, ask for your property to be registered, then follow your account from no property, to tax due, to fully paid.

SECTION 1

Creating an Account

Creating an account takes three steps: fill in the form, enter the code sent to your email, then sign in.

In this section

1.1 Filling in the sign-up form

1.2 Verifying your email

1.3 Registration completed

> **NOTE** **The administrator can also create an account for you.** If you cannot sign up online, ask the eRPT administrator at the Municipal Hall to create your account. You will receive the email address and password to use when you sign in (Part 1, Section 2), and you can skip the steps below. (Administrators: see Part 3, Section 2.4.)

1.1 Filling in the sign-up form

1. On the Sign in page, click **Create new account**.
2. The **Sign up** form opens. Fill in every field.
3. Tick **I have read the Terms and Conditions**. Click the link first if you want to read them.
4. Click **CREATE ACCOUNT**.

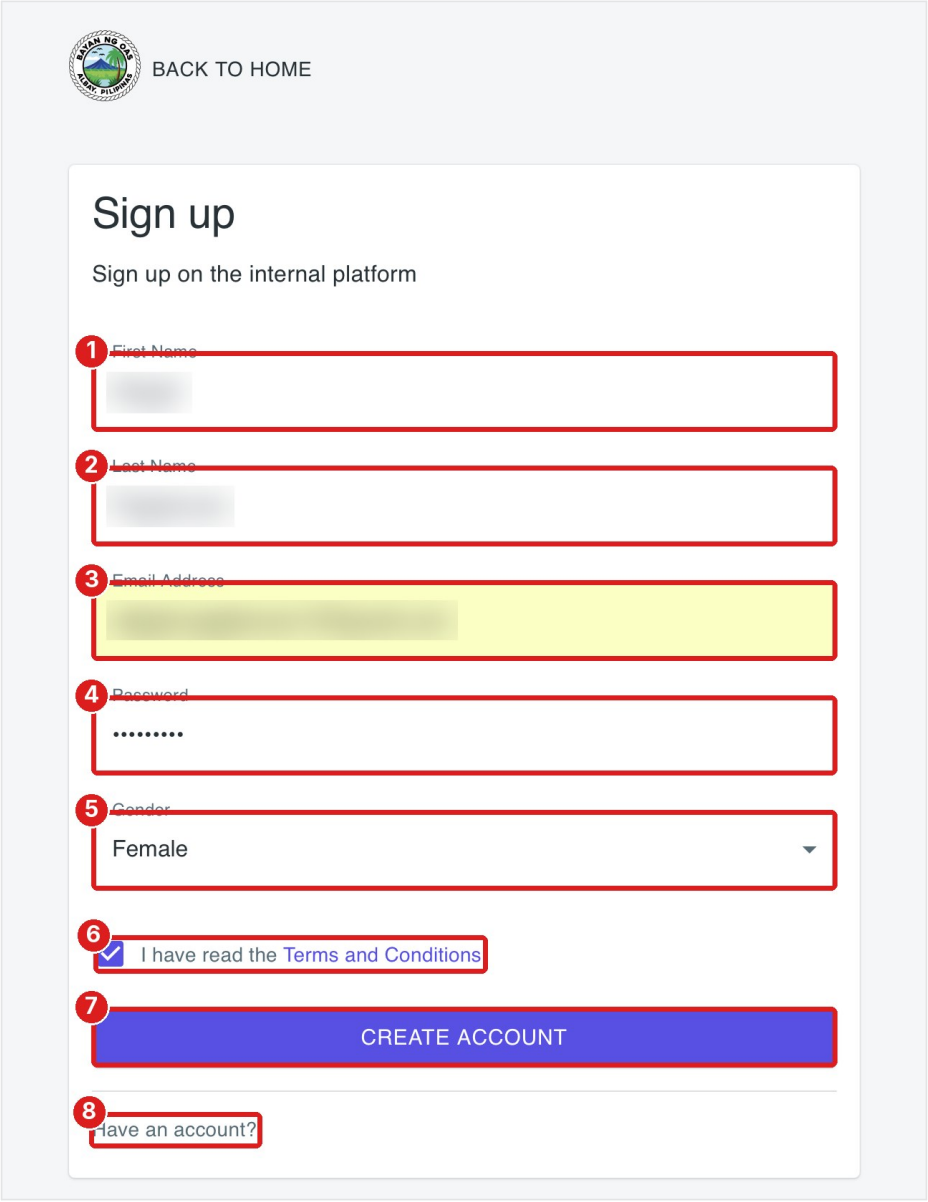

Figure 1.1. The Sign up form (personal details blurred).

1 First Name 2 Last Name 3 Email Address 4 Password 5 Gender 6 Terms and Conditions 7 CREATE ACCOUNT 8 Have an account?

Field	What to enter
1 First Name	Your first name, as written on your property documents.
2 Last Name	Your last name, as written on your property documents.
3 Email Address	An email address you can open now. The verification code is sent here, and you will use it to sign in.
4 Password	A password only you know.
5 Gender	Choose from the list.
6 Terms and Conditions	Tick the box to agree. You cannot create the account without it.
7 CREATE ACCOUNT	Sends the form. eRPT then emails you a verification code (1.2).

Field	What to enter
8 Have an account?	Goes back to the Sign in page.

TIP Use the same name as on your tax declaration or title. This helps the administrator match your account to your property.

1.2 Verifying your email

1. Open your email. Look for a message titled **ERPT Verification Code** from **ERPT Mailer**.
2. Copy the six-digit code in the message.
3. Go back to eRPT and type the code in **Verification Code**.
4. Click **VERIFY CODE**.

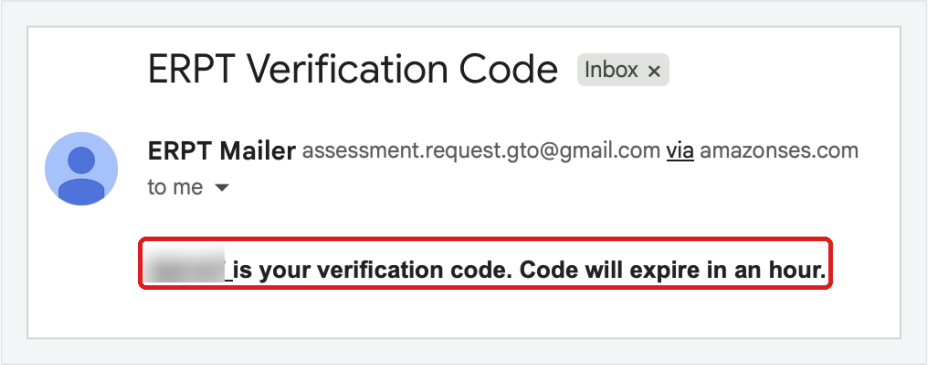

Figure 1.2. The verification email (code blurred).

1 Verification code

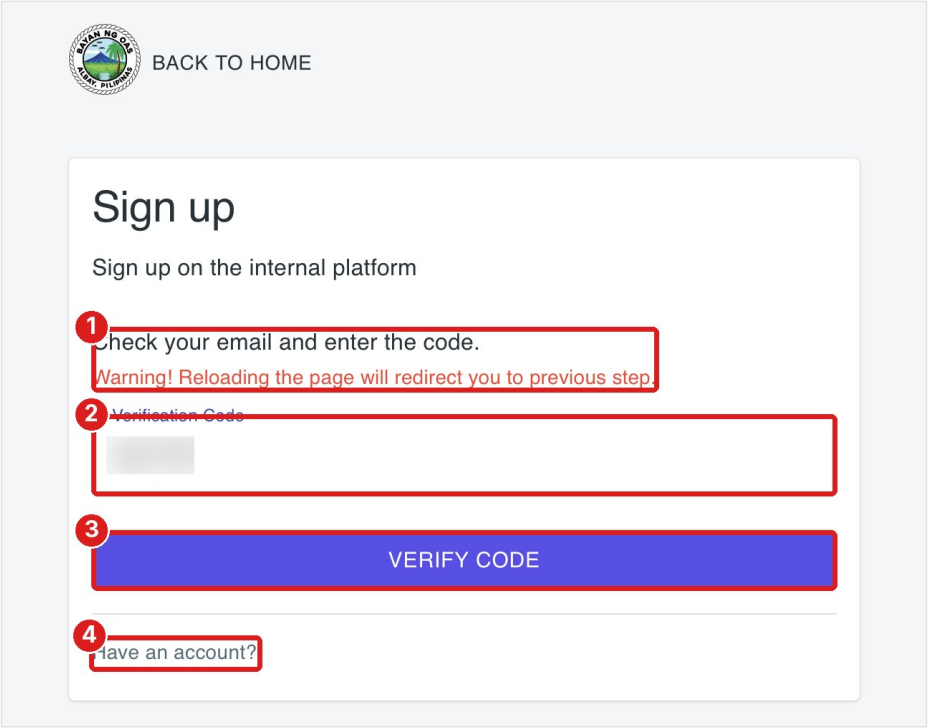

Figure 1.3. Entering the verification code.

1 Instruction and warning 2 Verification Code 3 VERIFY CODE 4 Have an account?

WARNING **Do not reload the page** while waiting for the code. Reloading takes you back to the sign-up form. The code expires after **one hour**; if it expires, fill in the form again to get a new code.

TIP If the email does not arrive within a few minutes, check your Spam or Promotions folder.

1.3 Registration completed

When the code is correct, eRPT shows **Registration completed!** at the bottom left and opens the Sign in page. Sign in with your email address and password (Part 1, Section 2).

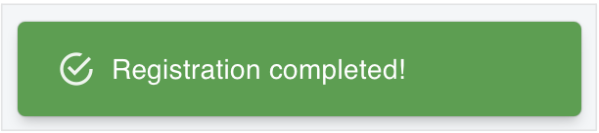

Figure 1.4. The message shown when the account is created.

SECTION 2

Requesting Property Registration

A new account has no properties. Only the eRPT administrator can register a property to your account; this section shows how to ask for it.

In this section

2.1 How registration works

2.2 Before you request

2.3 Sending a request online

2.4 Requesting at the office

2.5 After you request

2.1 How registration works

How it works

Properties are **registered to your account by the eRPT administrator** of the Municipality, after checking your documents. You cannot add a property yourself. You ask for it in one of two ways, and the administrator does the rest.

Way to request	What to do	See
Online, through eRPT	Click **REGISTER**, fill in the request form and attach your documents. The request is emailed to the office.	2.3
In person	Bring your documents to the Municipal Assessor's Office at the Municipal Hall and ask for your property to be registered to your eRPT account.	2.4

2.2 Before you request

Prepare clear photos or scans of your property documents. Useful documents include:

- your land title (TCT or OCT) or other proof of ownership;
- your latest tax declaration or official receipt of real property tax, if you have one; and
- a valid ID.

NOTE The office may ask for other documents depending on your property. If you are not sure, ask the Municipal Assessor's Office.

2.3 Sending a request online

1. Click **REGISTER** in the side menu, or REGISTER in the No Property Found box (3.2).
2. The **Property Registration** form opens. **Email To** and **Subject** are already filled in.
3. In **Description**, write your full name, the location of the property (barangay) and, if you know them, the tax declaration or title number. Add your contact number.
4. Under **Upload Attachment**, drag your files into the box or click **browse** to choose them.
5. Check the list of attached files. Click the bin icon to remove a wrong file.
6. Scroll down and click the button at the end of the form to send the request.

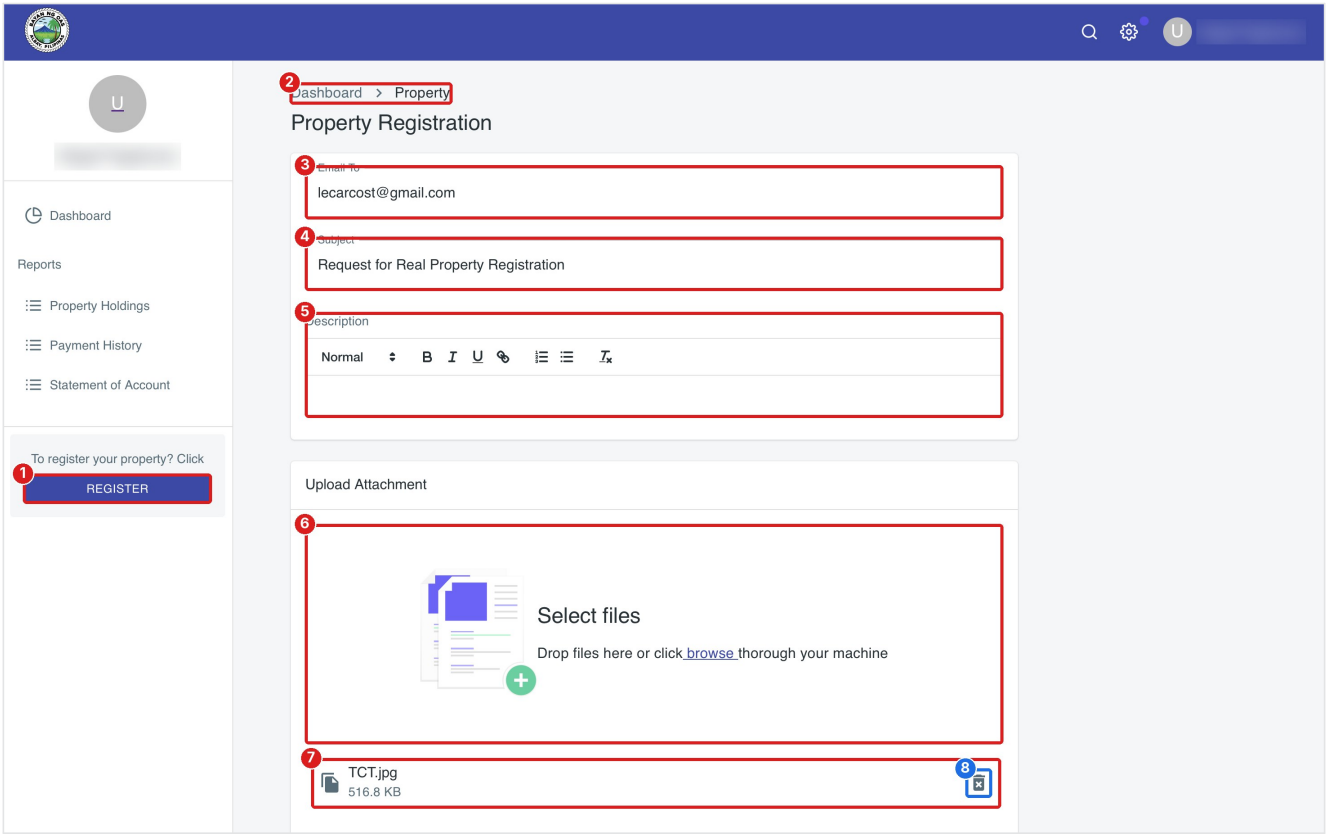

Figure 2.1. The Property Registration request form (name blurred).

1 REGISTER 2 Breadcrumb 3 Email To 4 Subject 5 Description 6 Upload Attachment 7 Attached file 8 Remove file

Part	What it does
1 REGISTER	Opens this form.
2 Breadcrumb	**Dashboard › Property**.
3 Email To	Email address of the office that receives registration requests. Already filled in.
4 Subject	Request for Real Property Registration. Already filled in.
5 Description	Your message to the office. Use the toolbar for bold, italics, links and lists.
6 Upload Attachment	Drop files here or click **browse** to choose them from your computer or phone.
7 Attached file	Each file you added, with its name and size (e.g. TCT.jpg, 516.8 KB).

Part	What it does
8 Remove file	Bin icon. Removes that file before sending.

2.4 Requesting at the office

1. Bring your documents (2.2) to the **Municipal Assessor's Office**, Municipal Hall of Oas, during office hours.
2. Tell the staff the email address of your eRPT account, so they can register the property to it.
3. Wait for the staff to confirm.

2.5 After you request

The administrator checks your documents and registers the property to your account. Sign in again later and follow your account as shown in Section 3, Property Owner Views.

SECTION 3

Property Owner Views

Your Dashboard and reports change as your property is registered, billed and paid. This section shows each stage in order.

In this section

3.1 Header and side menu

3.2 Stage 1: No property yet

3.3 Stage 2: Property registered

3.4 Stage 3: Tax due and Statement of Account

3.5 Stage 4: Fully paid

3.1 Header and side menu

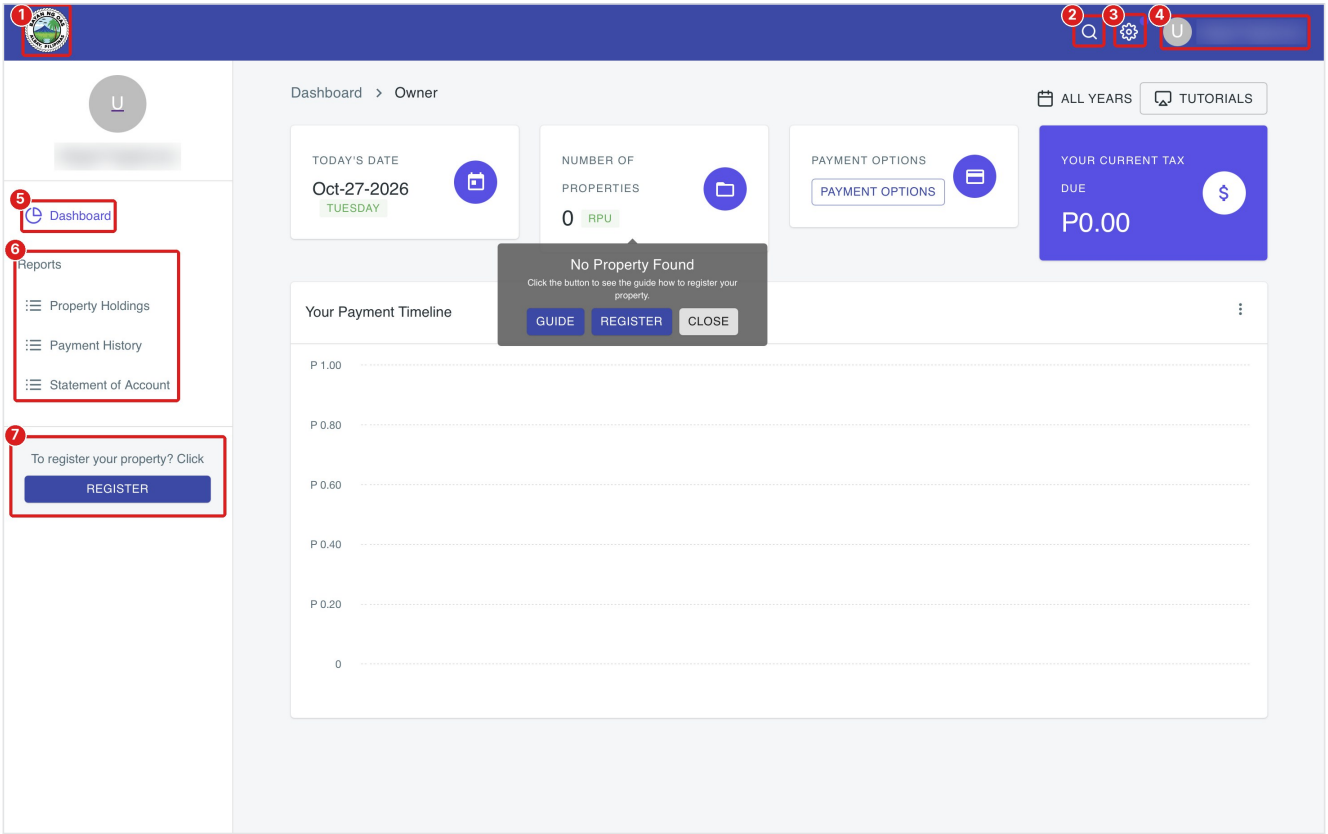

Figure 3.1. Header and side menu of the property owner (name blurred).

1 Seal 2 Search 3 Settings 4 Account 5 Dashboard 6 Reports 7 Register panel

Part	What it does
1 Seal	Seal of the Municipality of Oas.
2 Search	Search icon in the header.
3 Settings	Gear icon. The small dot means there is something new to see.

Part	What it does
4 Account	Your initial and name.
5 Dashboard	Your home page in eRPT.
6 Reports	**Property Holdings** (3.3), **Statement of Account** (3.4) and **Payment History** (3.5).
7 Register panel	To register your property? Click REGISTER. Opens the request form (2.3).

3.2 Stage 1: No property yet

What you see

Right after you create your account, no property is registered to it. The Dashboard shows **0 RPU**, a tax due of **P0.00** and an empty Payment Timeline, and a **No Property Found** box reminds you to ask for registration.

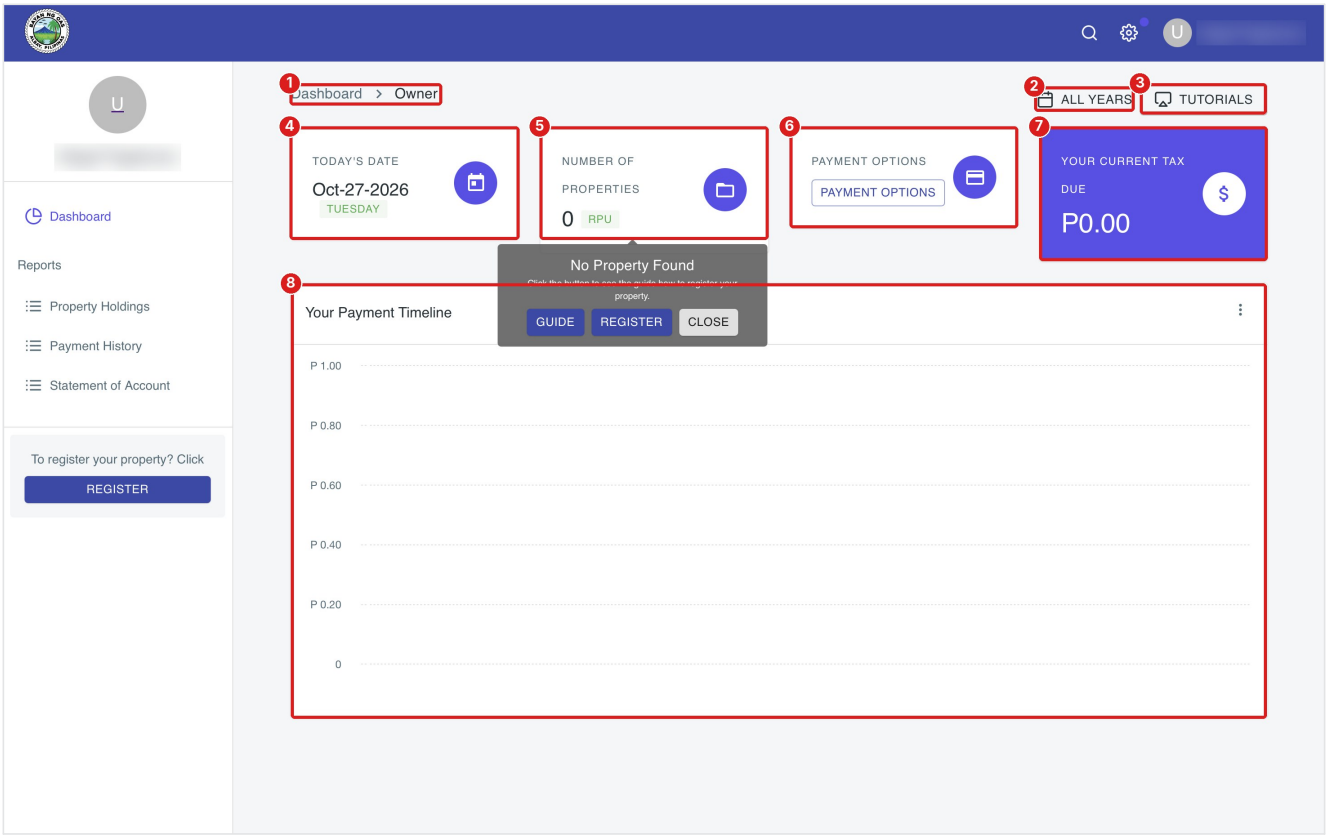

Figure 3.2. The Dashboard of a new account (name blurred).

1 Breadcrumb 2 ALL YEARS 3 TUTORIALS 4 Today's Date 5 Number of Properties 6 Payment Options 7 Your Current Tax Due 8 Payment Timeline

Part	What it does
1 Breadcrumb	**Dashboard › Owner** shows that you are on the property owner's Dashboard.
2 ALL YEARS	Year shown on the Dashboard. Click it to choose another year.
3 TUTORIALS	Opens video guides on using eRPT.

Part	What it does
4 Today's Date	The current date and day.
5 Number of Properties	How many Real Property Units (RPU) are registered to your account.
6 Payment Options	Click **PAYMENT OPTIONS** to see where and how you can pay.
7 Your Current Tax Due	The real property tax you owe now, in pesos.
8 Payment Timeline	Chart of your payments over the years.

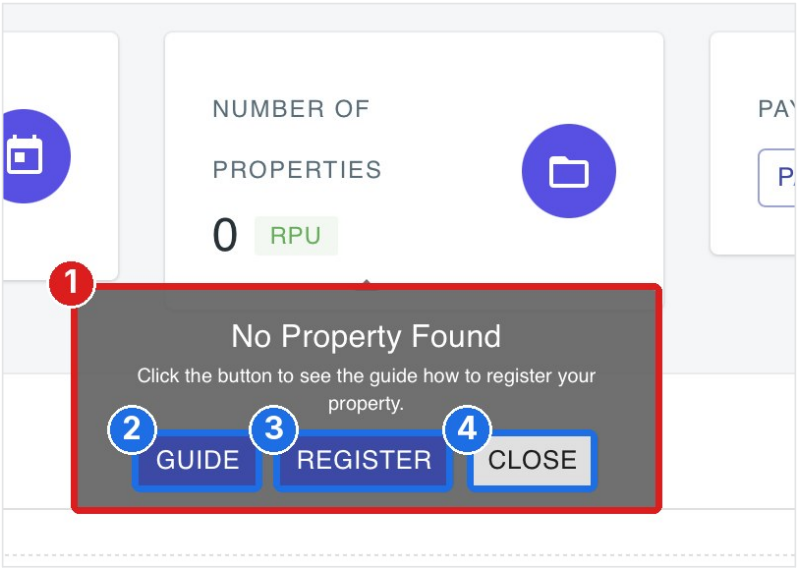

Figure 3.3. The No Property Found message.

1 Message 2 GUIDE 3 REGISTER 4 CLOSE

Button	What it does
GUIDE	Shows the guide on how to register your property.
REGISTER	Opens the Property Registration request form (2.3).
CLOSE	Closes the message.

3.3 Stage 2: Property registered

> **What you see**
> Once the administrator registers your property, **Number of Properties** shows how many units you own, and **Property Holdings** lists each one with its property identification number and location. Check that every property you own is listed and that the details are correct.

1. Click **Property Holdings** in the side menu.

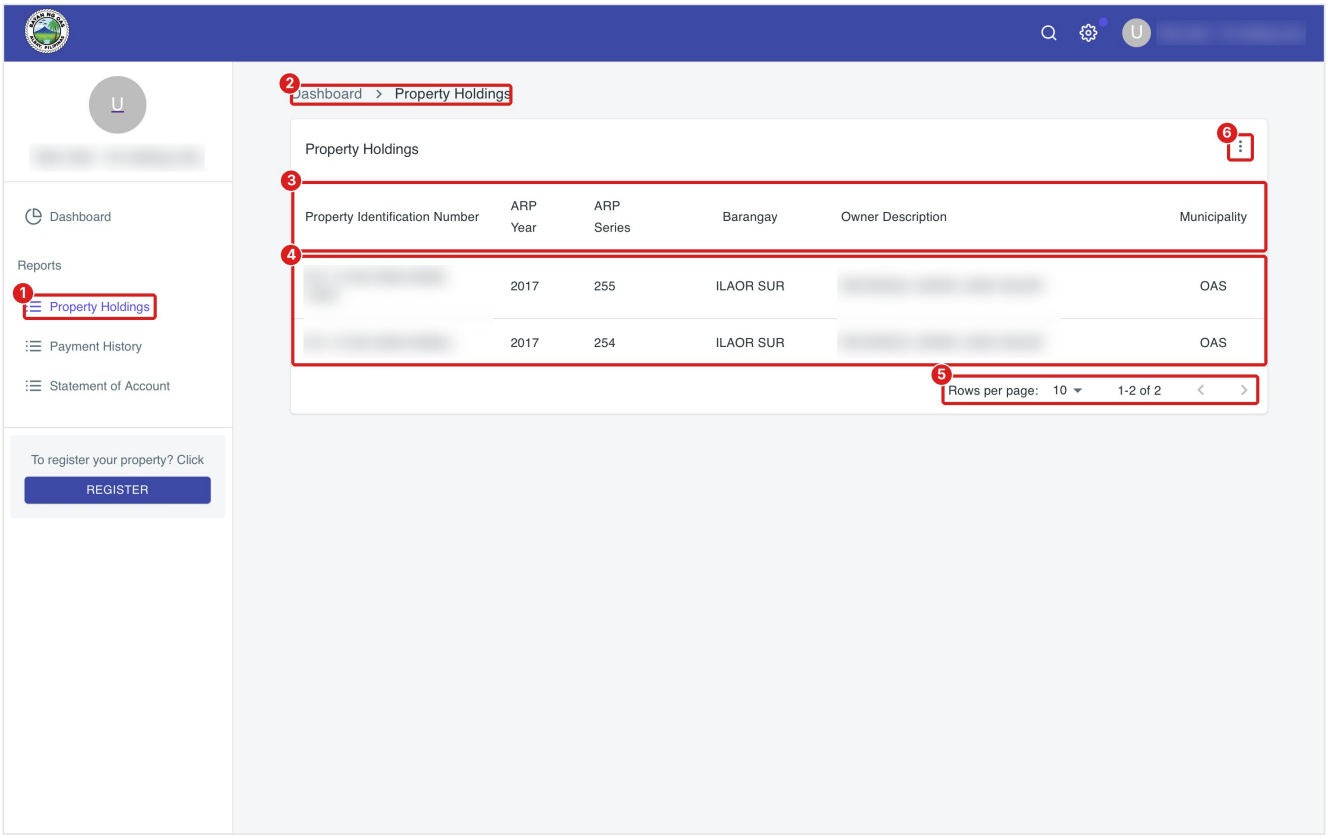

Figure 3.4. Property Holdings of an owner with two units (names and property numbers blurred).

1 Property Holdings 2 Breadcrumb 3 Column headings 4 Your properties 5 Rows per page 6 Menu (three dots)

Column	Meaning
Property Identification Number	The PIN that identifies the parcel or improvement.
ARP Year / ARP Series	Year and series number of the Assessment of Real Property (tax declaration).
Barangay	Barangay where the property is located.
Owner Description	Name of the owner as recorded by the Assessor.
Municipality	Municipality where the property is located.

NOTE If a property is missing or a detail is wrong, contact the Municipal Assessor's Office.

3.4 Stage 3: Tax due and Statement of Account

What you see

When a registered property has unpaid real property tax, **Your Current Tax Due** on the Dashboard shows the total you owe, and the **Statement of Account** lists it year by year. Each year shows the basic tax and the Special Education Fund (SEF) tax, the penalty for late payment, any discount, and the amount due. Use it to know exactly what to pay and for which years.

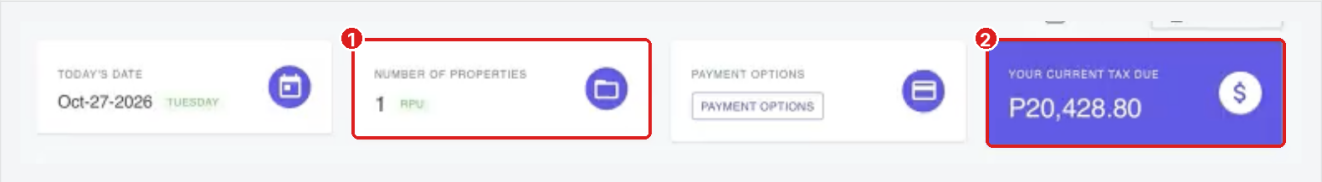

Figure 3.5. Dashboard cards of an owner with one unit and a tax due.

1 Number of Properties 2 Your Current Tax Due

1. Click **Statement of Account** in the side menu.

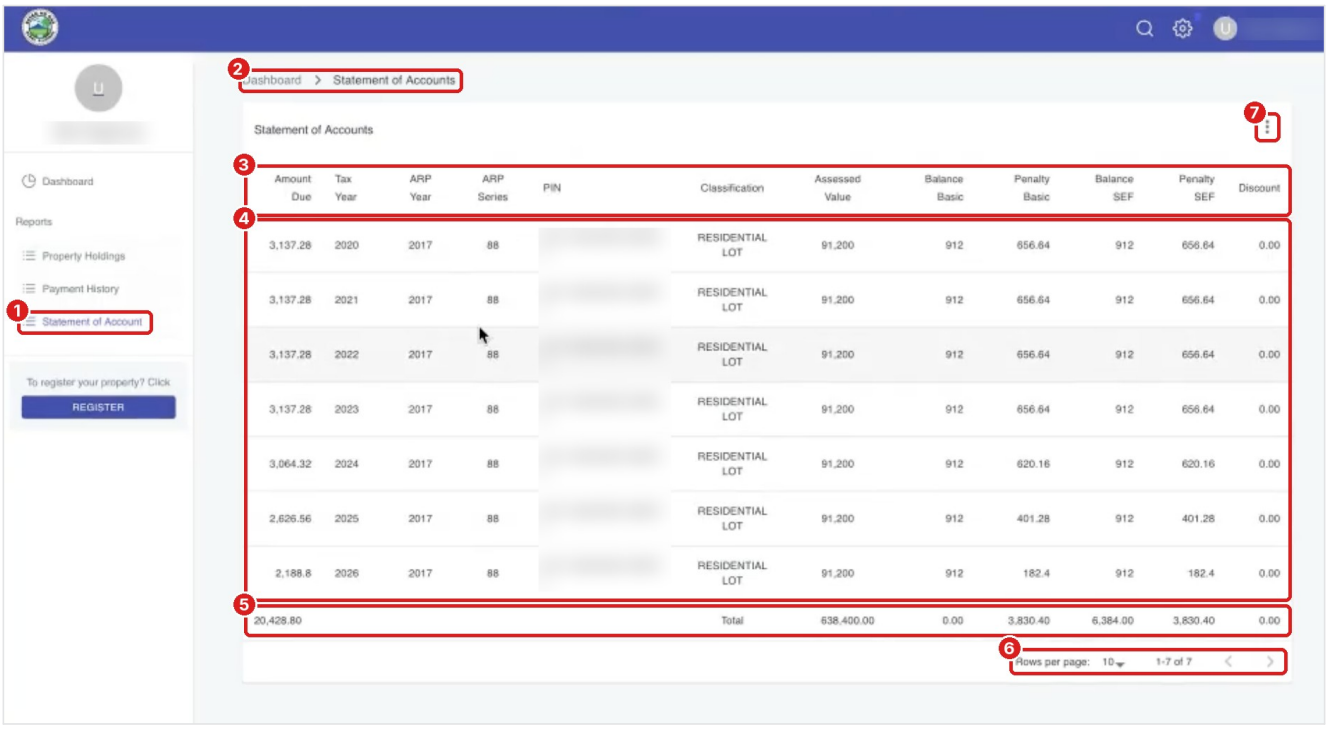

Figure 3.6. Statement of Account with unpaid years (name and PIN blurred).

1 Statement of Account 2 Breadcrumb 3 Column headings 4 Unpaid tax years 5 Total 6 Rows per page 7 Menu (three dots)

Column	Meaning
Amount Due	What you owe for that year: Balance Basic + Penalty Basic + Balance SEF + Penalty SEF − Discount.
Tax Year	The year the tax is for.
ARP Year / ARP Series	Year and series of the tax declaration.
PIN	Property Identification Number.

Column	Meaning
Classification	Use of the property, e.g. RESIDENTIAL LOT.
Assessed Value	The taxable value of the property.
Balance Basic / Penalty Basic	Unpaid basic real property tax and its penalty.
Balance SEF / Penalty SEF	Unpaid Special Education Fund tax and its penalty.
Discount	Discount given, if any.
Total	Bottom row. The first figure is the total amount due, the same amount as Your Current Tax Due.

NOTE In the example, 2026 has the smallest penalty and 2020 the largest: the longer a year stays unpaid, the higher its penalty. Paying the oldest years first stops their penalties from growing.

TIP Click **PAYMENT OPTIONS** on the Dashboard to see where and how you can pay.

3.5 Stage 4: Fully paid

What you see

After all your real property tax is paid and posted, **Your Current Tax Due** goes back to **P0.00** and the **Statement of Account** is empty, because no unpaid year is left. Your properties stay in Property Holdings, and every payment is kept in **Payment History** and on the Payment Timeline.

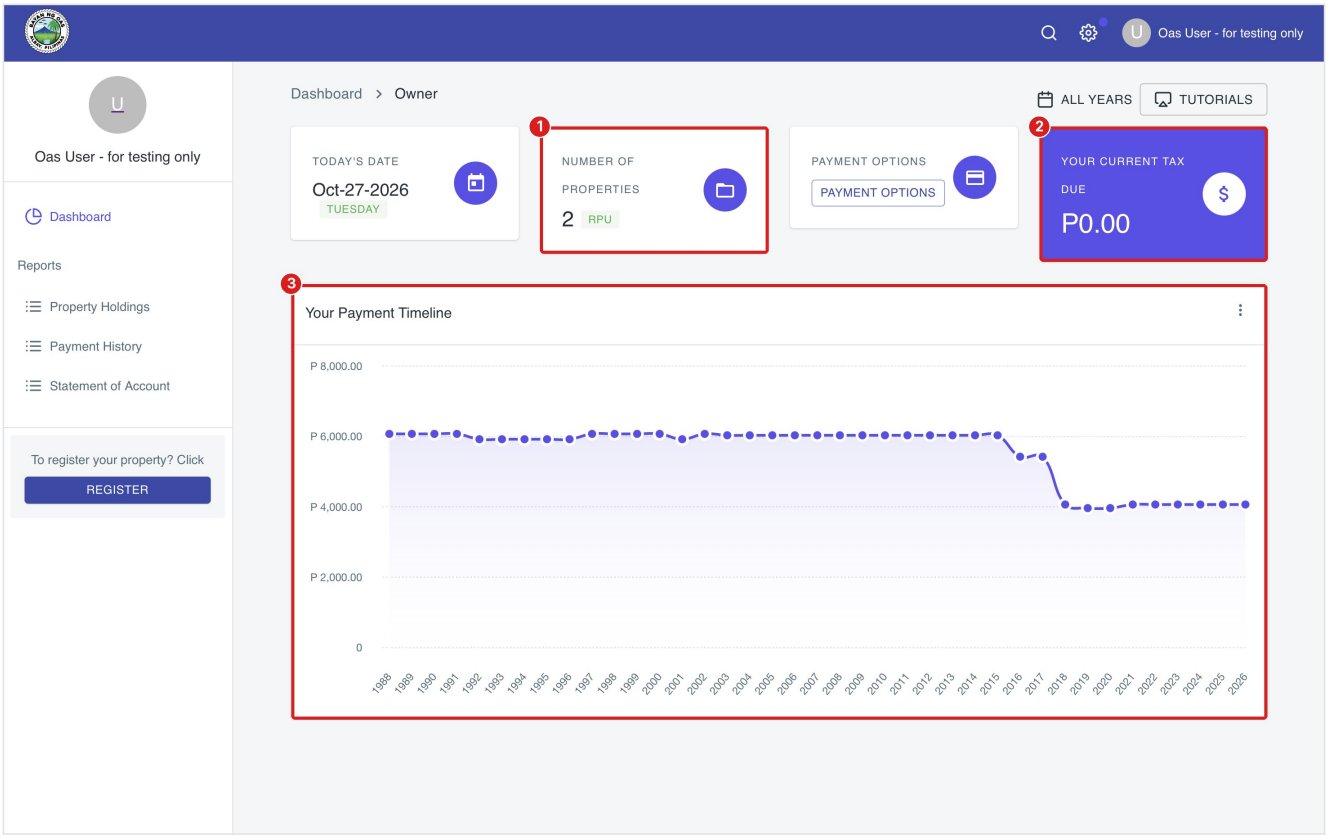

Figure 3.7. Dashboard of a fully paid owner with two units.

1 Number of Properties 2 Your Current Tax Due: P0.00 3 Payment Timeline

Part	What it shows
1 Number of Properties	Your registered units stay listed (here **2 RPU**).
2 Your Current Tax Due	**P0.00**: nothing is owed.
3 Payment Timeline	Amount paid for each year. Point to a dot to see the year and amount.

Statement of Account now shows no rows and the Total is 0.00.

1. Click **Payment History** in the side menu to see your official receipts.

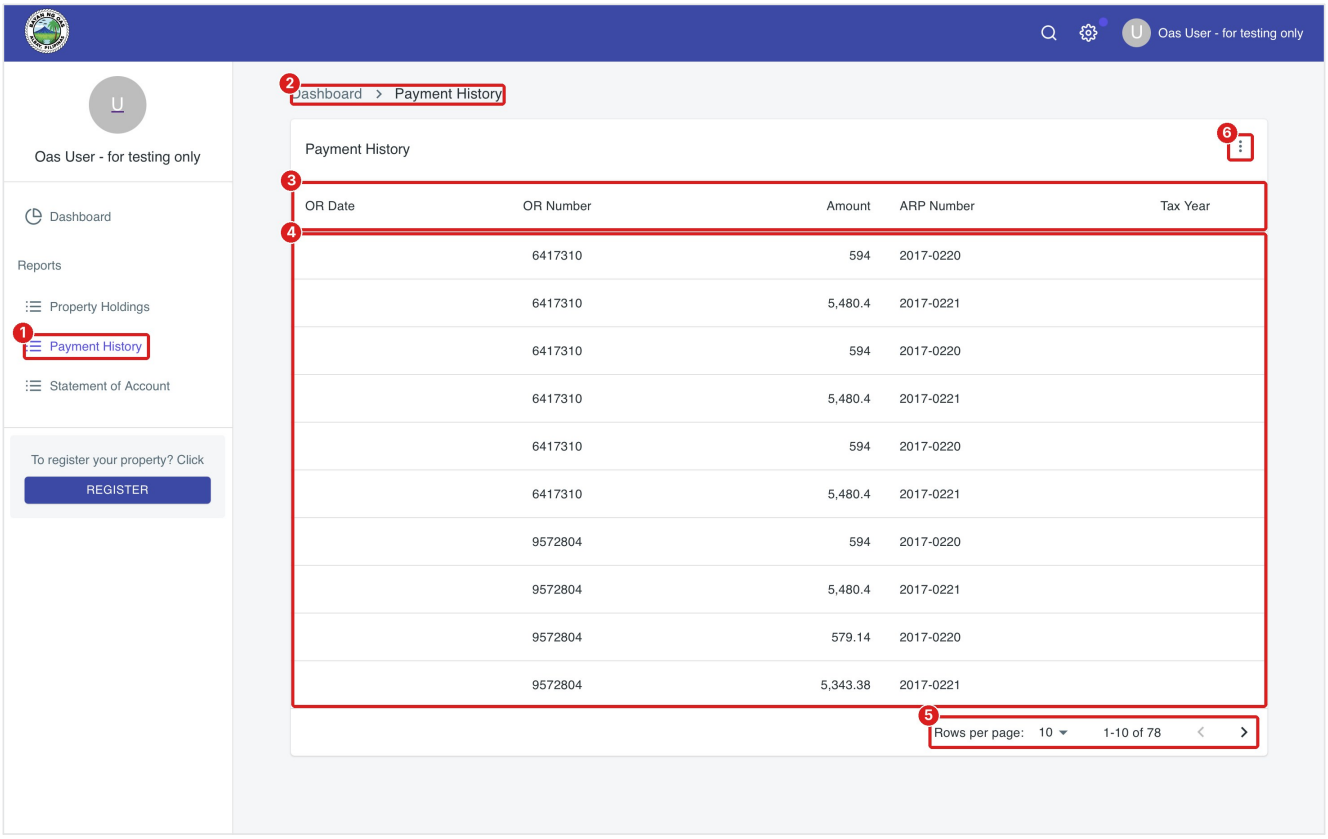

Figure 3.8. Payment History.

1 Payment History 2 Breadcrumb 3 Column headings 4 Payments 5 Rows per page and pages 6 Menu (three dots)

Column	Meaning
OR Date	Date of the official receipt.
OR Number	Number of the official receipt. One receipt can cover several properties or years.
Amount	Amount paid.
ARP Number	Tax declaration the payment was for.
Tax Year	Year the payment was for.

TIP Use the arrows at the bottom right to see older payments, or raise **Rows per page**.

See my past payments	Payment History	3.5

PART 3

Administrator (Admin) Manual

This part is for eRPT administrators of the Municipality. Administrators sign in on the same page as property owners (Part 1, Section 2). They manage user accounts and enroll properties to property owners' accounts.

SECTION 1

Getting Started as Administrator

What the administrator does and how the admin screen is laid out.

In this section

1.1 The administrator’s role

1.2 The admin side menu

1.1 The administrator’s role

Task	Where	See
Create accounts for staff and report analysts, and give each the right role	Users › List › ADD USER	2.2
Create an account for a property owner who has difficulty signing up	Users › List › ADD USER, role **user**	2.4
Enroll a property to an owner’s account after checking the request	Report › Property Enrollment	3.2
Remove a property that was enrolled to the wrong account	Report › Property Enrollment	3.3

1.2 The admin side menu

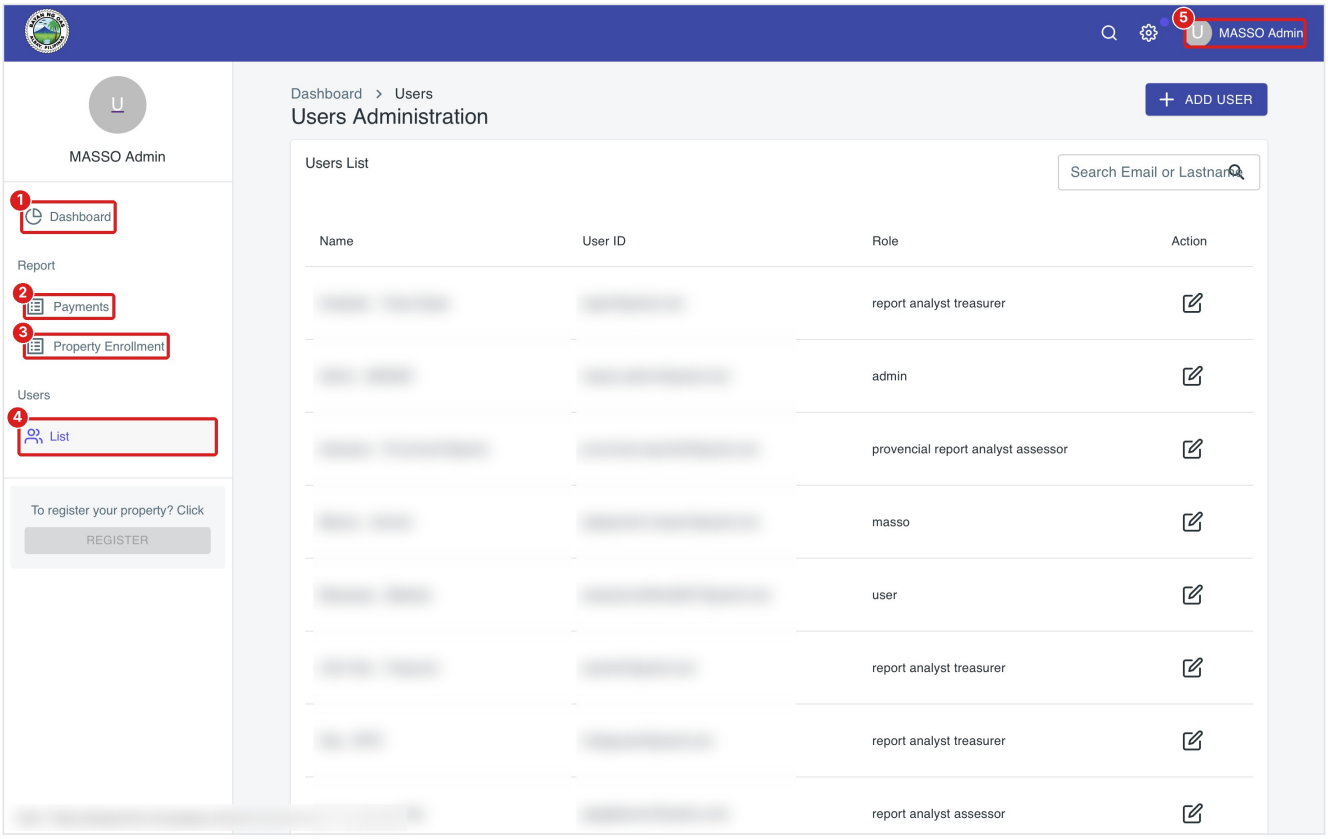

Figure 1.1. The administrator's screen (names and emails blurred).

1 Dashboard 2 Payments 3 Property Enrollment 4 List 5 Account

Part	What it does
1 Dashboard	The administrator's home page.
2 Payments	Report of payments received.
3 Property Enrollment	Enroll properties to, or remove them from, a user's account (Section 3).
4 List	Users Administration: the list of all eRPT accounts and ADD USER (Section 2).
5 Account	Your account name (**MASSO Admin**).

SECTION 2

Managing Users

Users Administration lists every eRPT account. From here the administrator adds new accounts and chooses each account's role.

In this section

2.1 The Users list

2.2 Adding a user

2.3 Choosing a role

2.4 Creating an account for a property owner

2.5 Saving and checking

2.1 The Users list

1. Click **List** under Users in the side menu.

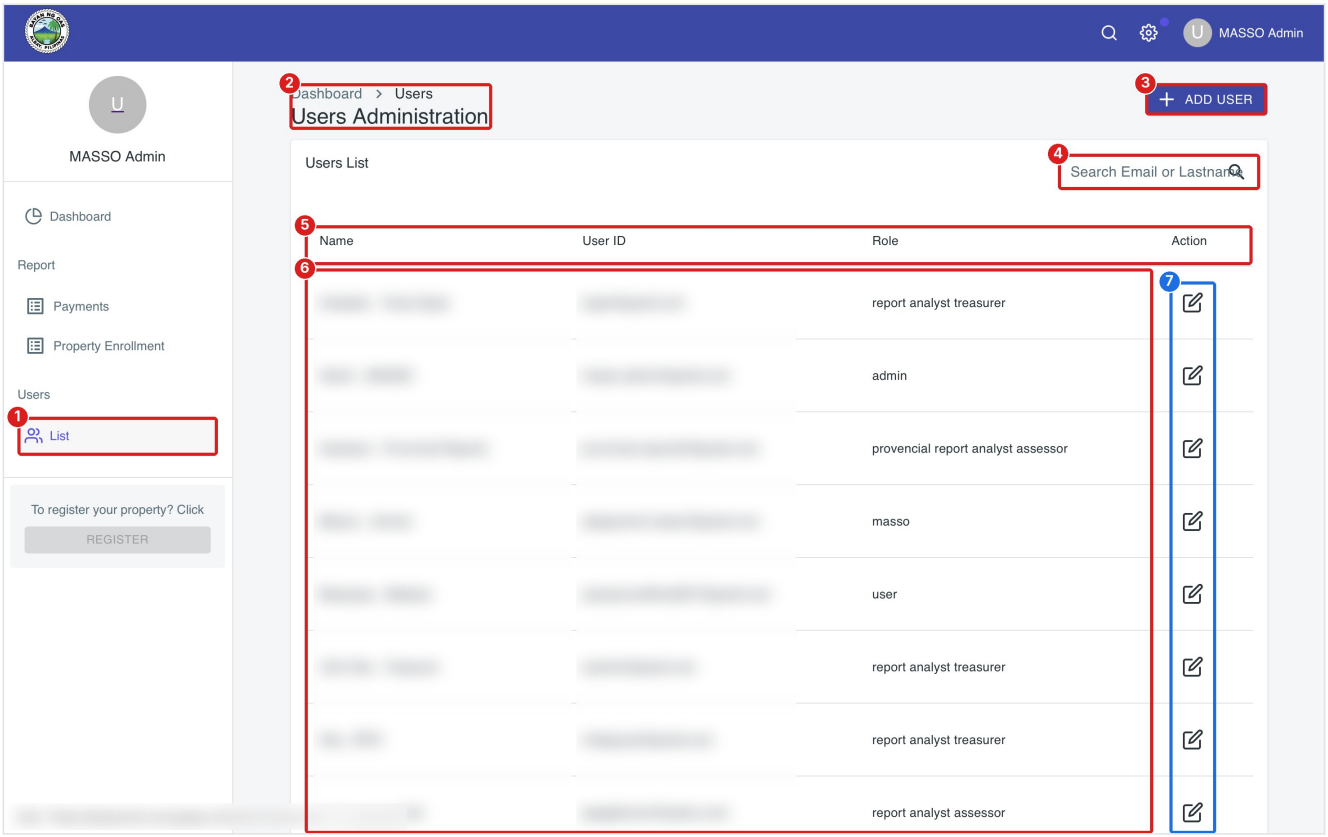

Figure 2.1. Users Administration (names and emails blurred).

1 List 2 Title 3 ADD USER 4 Search 5 Column headings 6 Users 7 Edit

Part	What it does
1 List	Opens this page.
2 Title	**Dashboard › Users**, Users Administration.

Part	What it does
3 ADD USER	Opens the Add User form (2.2).
4 Search	Type an email address or last name to find an account.
5 Column headings	**Name** (Last, First), **User ID** (the email used to sign in), **Role** and **Action**.
6 Users	One row per account.
7 Edit	Pencil icon. Opens the account to change its details.

2.2 Adding a user

1. Click **ADD USER** at the top right. The **Add User** form opens beside the list.
2. Type the **First Name**, **Last Name** and **Email** of the person.
3. Type a **Password** for the account.
4. Choose the **Gender** and **Select Role** (2.3).
5. Click **SAVE**, or **CANCEL** to close the form without saving.

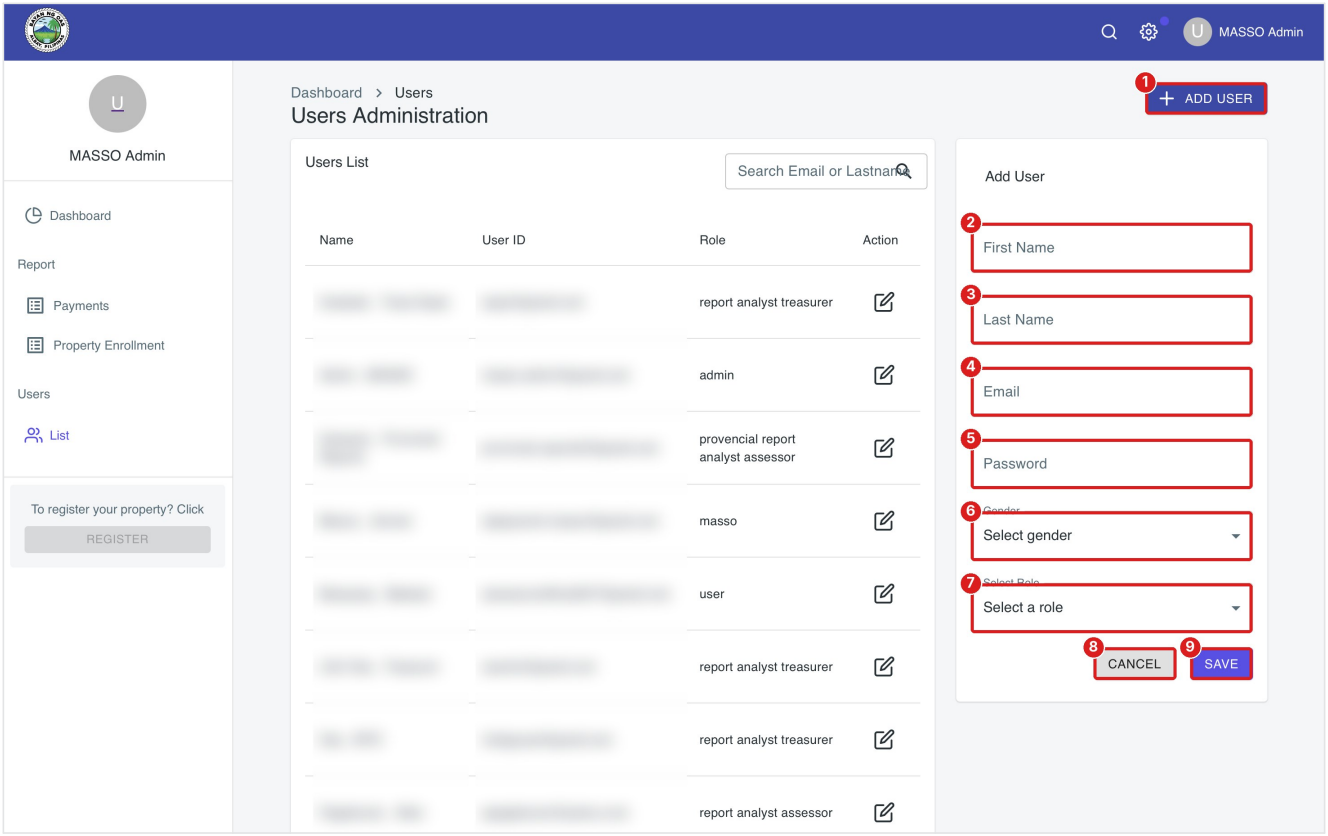

Figure 2.2. The Add User form (list blurred).

1 ADD USER 2 First Name 3 Last Name 4 Email 5 Password 6 Gender 7 Select Role 8 CANCEL 9 SAVE

Field	What to enter
Email	The email address the person will sign in with. It becomes the **User ID**.

Field	What to enter
Password	A starting password. Give it to the person privately.
Select Role	Decides which screens the account sees (2.3).

2.3 Choosing a role

Open **Select Role** and click one of the roles in the list.

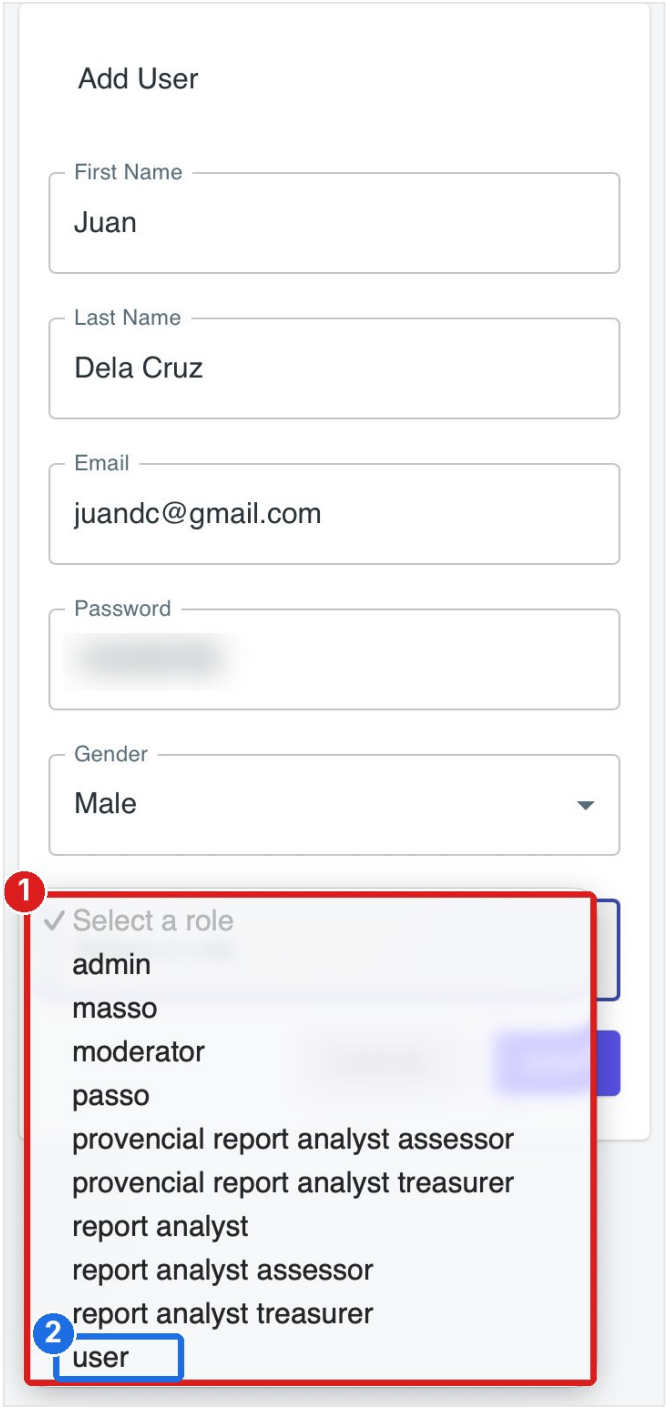

Figure 2.3. The list of roles (password blurred).

1 Role list 2 user role

Role	Who gets it	Manual
admin	eRPT administrators.	Part 3 of this manual
user	**Property owners.**	Part 2 of this manual
report analyst assessor	Report Analyst of the Municipal Assessor's Office.	Report Analyst (Assessor) manual
report analyst treasurer	Report Analyst of the Municipal Treasurer's Office.	MTO Report Analyst (Treasurer) manual
provencial report analyst assessor	Analyst of the Provincial Assessor's Office.	Provincial Assessor Analyst manual
provencial report analyst treasurer	Analyst of the Provincial Treasurer's Office.	Provincial Treasurer Analyst manual
masso, passo, moderator, report analyst	Other office accounts (municipal and provincial assessor's office staff, moderators). Ask the system developer before giving these roles.	—

NOTE Give each person only the role they need. The role decides which reports and records the account can see.

2.4 Creating an account for a property owner

Assisted account creation

Some property owners have difficulty creating their own account: no email access at the moment, trouble with the verification code, or not used to online forms. The administrator can create the account for them with the **user** role. The owner then signs in with the email and password the administrator gives, and sees exactly the same screens as an owner who signed up online (Part 2).

1. Ask for the owner's full name (as written on the title or tax declaration) and an email address the owner can use.
2. Click **ADD USER** and fill in the form (2.2).
3. In **Select Role**, choose **user**.
4. Click **SAVE**.
5. Give the owner the email address and password, and remind the owner to keep the password private.
6. Enroll the owner's properties to the new account (Section 3).

IMPORTANT **Use the user role for property owners.** Choosing any other role would show the owner office reports instead of their own properties and tax due.

2.5 Saving and checking

After SAVE, eRPT shows **User added successfully.** at the bottom left, and the new account appears in the list.

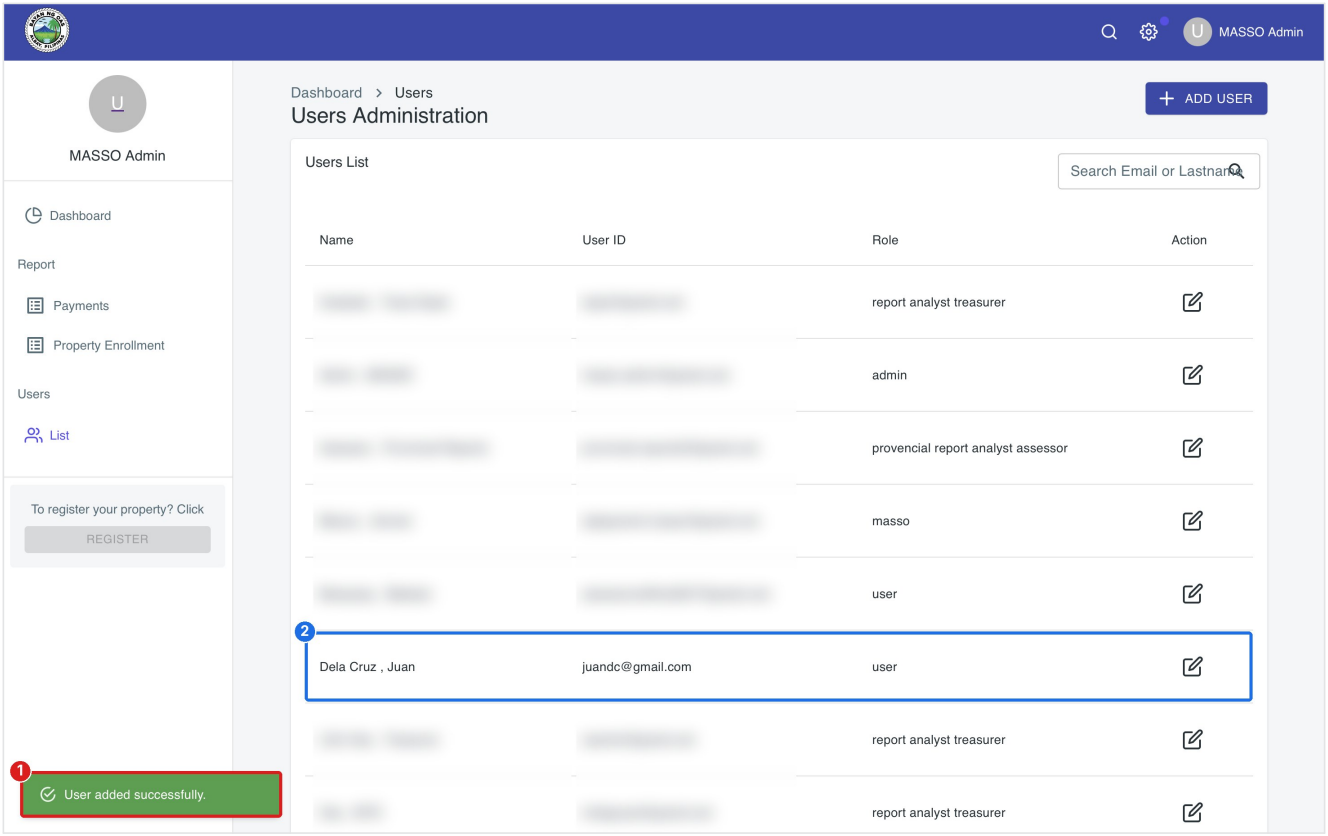

Figure 2.4. A new property owner account with the user role (other names blurred).

1 Success message 2 New account

SECTION 3

Property Enrollment

Property Enrollment links properties in the assessment records to a user's account. Once enrolled, the property appears in the owner's Property Holdings, Statement of Account and tax due.

In this section

3.1 The Property Enrollment page

3.2 Enrolling a property

3.3 Removing a property

3.1 The Property Enrollment page

1. Click **Property Enrollment** under Report in the side menu.
2. In **Select email address**, choose the owner's account. The name and the properties already enrolled appear on the left.

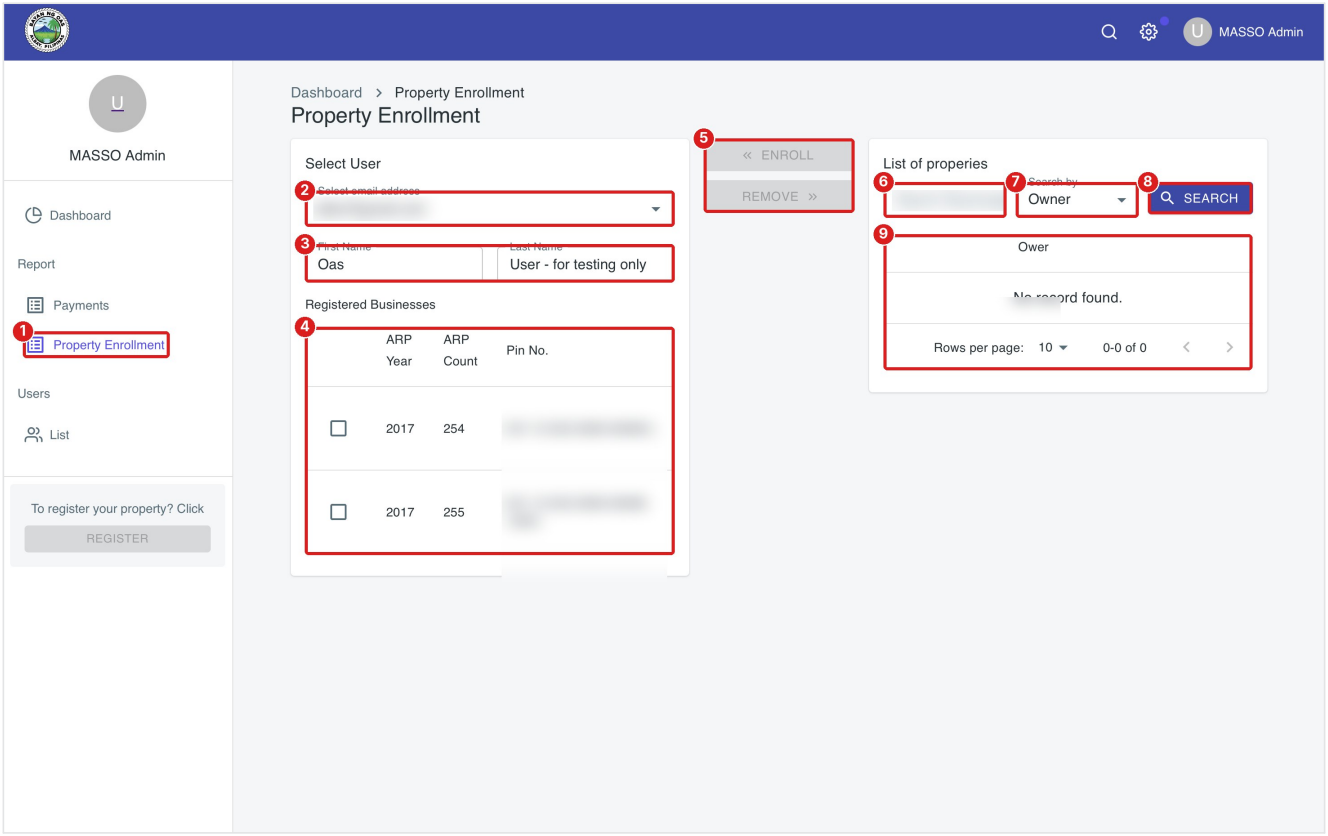

Figure 3.1. Property Enrollment with an account selected (email and PINs blurred).

1 Property Enrollment · 2 Select email address · 3 First and Last Name · 4 Registered properties · 5 ENROLL and REMOVE · 6 Search Business · 7 Search by · 8 SEARCH · 9 List of properties

Part	What it does
1 Property Enrollment	Opens this page.

Part	What it does
2 Select email address	The account you are working on.
3 First and Last Name	Name on the selected account, for checking.
4 Registered properties	Properties already enrolled to the account (ARP Year, ARP Count, Pin No.). Tick one to remove it.
5 ENROLL and REMOVE	**« ENROLL** moves ticked properties from the right list to the account. **REMOVE »** takes ticked properties off the account. They are grey until you tick something.
6 Search Business	Type the owner's name (or other value) to look up in the assessment records.
7 Search by	What to search by, e.g. **Owner**.
8 SEARCH	Runs the search.
9 List of properties	Search results, grouped by owner. Shows No record found. before a search.

3.2 Enrolling a property

1. Select the owner's account (3.1).
2. Type the owner's name in **Search Business**, keep **Search by: Owner**, and click **SEARCH**.
3. Click the arrow beside the matching owner to show the owner's properties.
4. Tick each property to enroll. Check the PIN against the owner's documents.
5. Click **« ENROLL**.

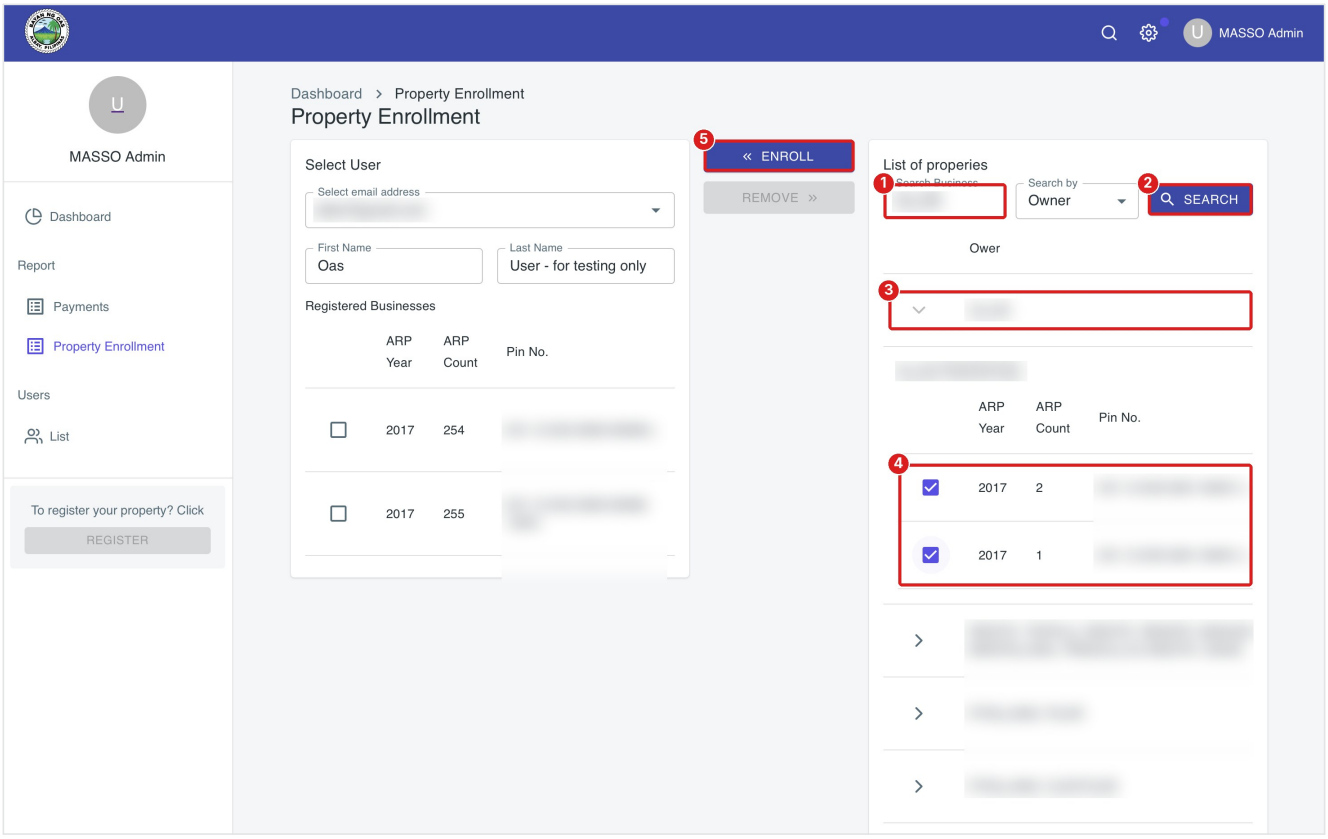

Figure 3.2. Properties found and ticked (names and PINs blurred).

1 Search Business 2 SEARCH 3 Owner 4 Ticked properties 5 ENROLL

eRPT asks Are you sure to enroll this business? Click **YES** to continue or **CANCEL** to go back.

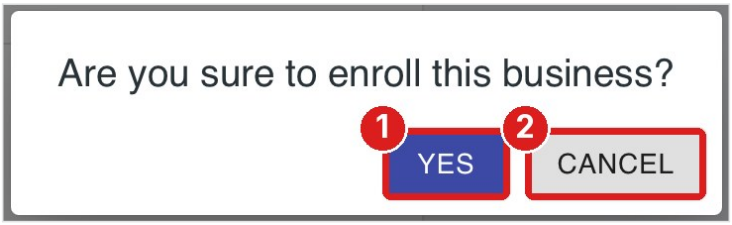

Figure 3.3. Confirming the enrollment.

1 YES 2 CANCEL

eRPT shows **Property is successfully enrolled to user.** and the properties are added to the list on the left.

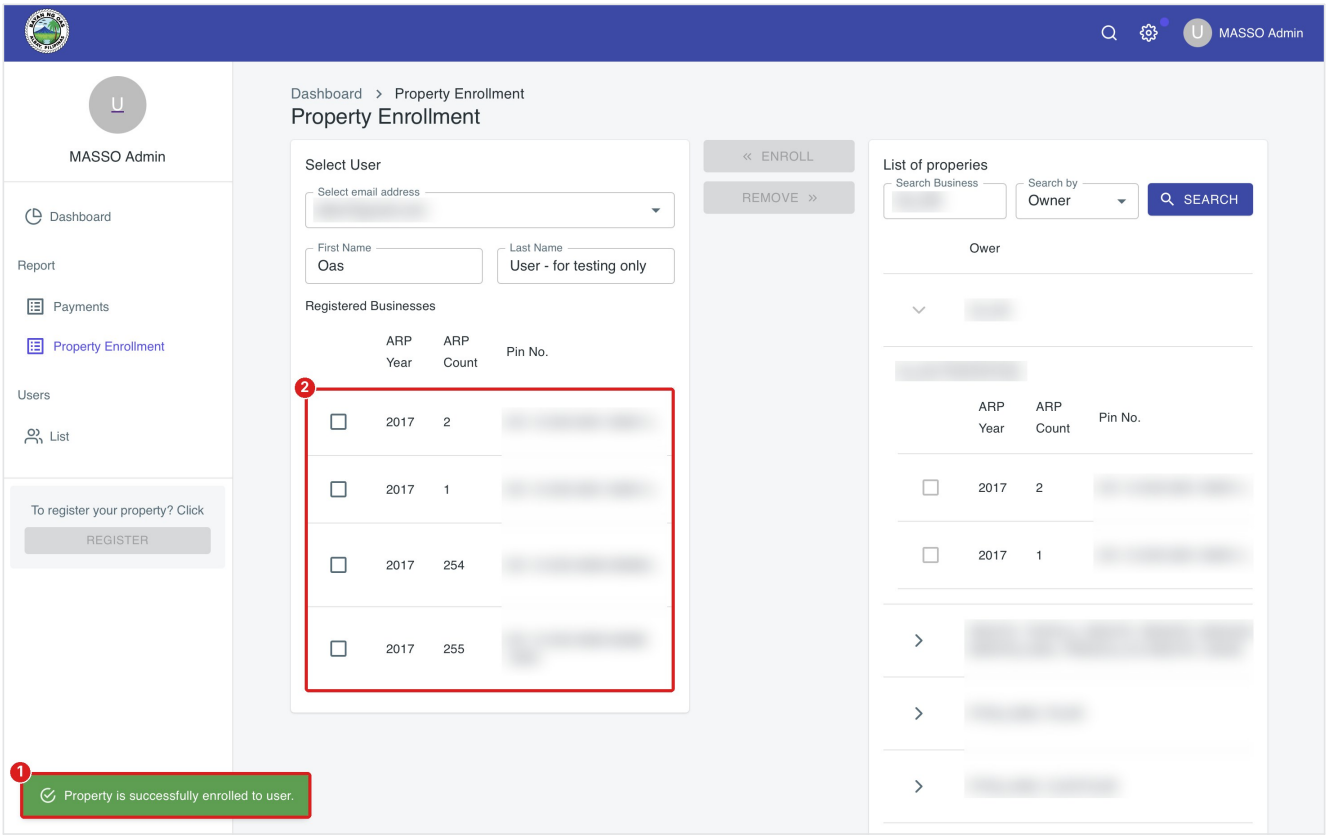

Figure 3.4. Properties enrolled to the account.

1 Success message 2 Registered properties

> **IMPORTANT Check before you enroll.** Enroll only properties whose owner matches the documents the owner gave. An enrolled property shows its tax due and payments to that account.

3.3 Removing a property

1. Select the account (3.1).
2. In the registered properties on the left, tick the property to remove.
3. Click **REMOVE »**.
4. Click **YES** in Are you sure to remove this business?

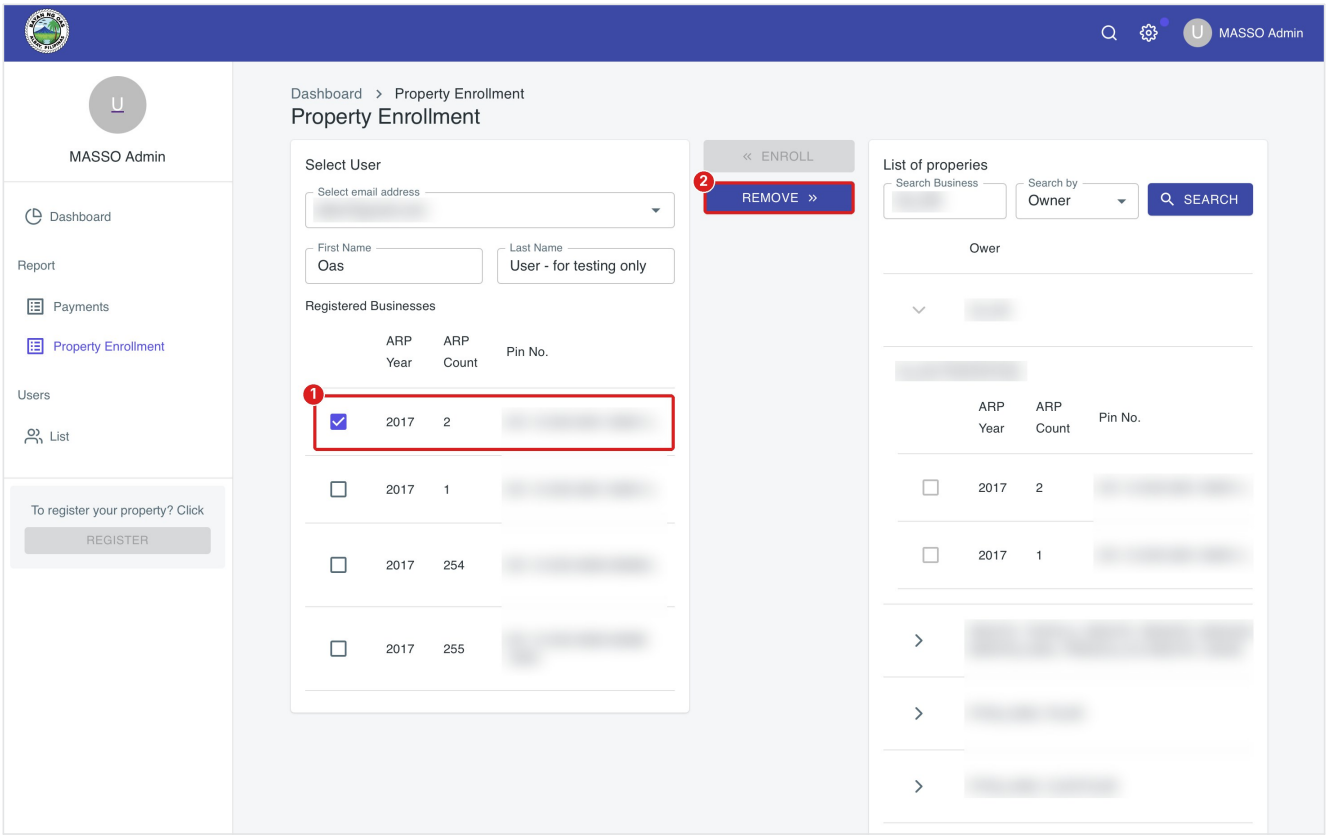

Figure 3.5. A property ticked for removal.

1 Ticked property 2 REMOVE

Figure 3.6. Confirming the removal.

1 YES 2 CANCEL

eRPT shows **Property is successfully remove from user.** and the property disappears from the account. It stays in the assessment records and can be enrolled again.

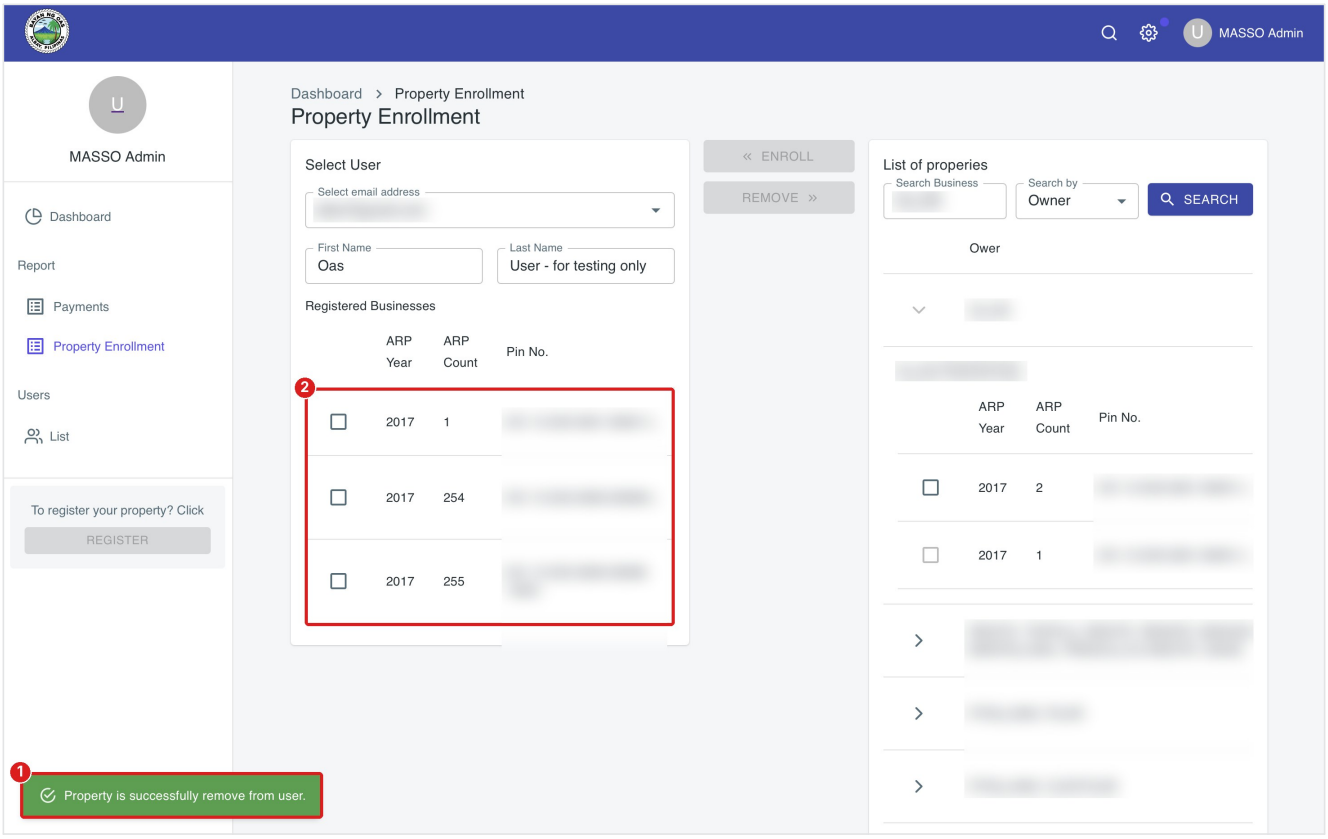

Figure 3.7. The property removed from the account.

1 Success message 2 Registered properties

APPENDIX A

Quick Reference for Administrators

Where to go for common tasks.

I want to…	Go to	See
Find an account	Users › List › Search	2.1
Add a staff or analyst account	Users › List › ADD USER	2.2
Create an account for a property owner	ADD USER › role **user**	2.4
